V. Reports

A. Operations

Wyles reported that a new employee has been here and is working. Last weekend was pretty busy after slow period due probably to weather. UK Leonardo still scheduled to come from end of August through September. Philadelphia-based Agusta too. Overall ops are down but jetA is up over last year. Dan asked about fuel prices – currently \$6.65 for jetA and \$6.35 for 100LL. A discussion surrounding price increases took place. Chandra said it takes about six hours to completely implement a price increase. Dennis mentioned fuel sales are the biggest revenue source. Last raise was March 11. Suggesting more incremental moves.

B. Financial

The financial report was included in the board packet and there were no questions or comments.
